

INNOCULATIONS FOR OVERSEAS TRAVEL

Prior to the 1st of August, 2010 DVA has not provided coverage for medical vaccinations for DVA clients travelling overseas, the approach was that these were privately incurred expenses?

DVA now state that as from the 1st of August 2010 all Gold Card holders are eligible for all required vaccinations to be covered under the Gold Card arrangements.

Any Gold Card holder that may have incurred charges from 1 August, 2010 are able to seek reimbursement via DVA.

What this means to you is;

Attend the office of your GP (Doctor) and ask GP to obtain authorisation from DVA for an Authority Script. You then take the script to the chemist of your choice and have it filled.

If you have any questions contact the author or ring your nearest DVA Van office.
